Nachhilfelehrer/in ID: 16675

Ort: 11004 DELHI, India

Online-Option:
Ich bevorzuge Unterricht vor Ort, aber schließe Onlineunterricht nicht aus.

Fächer:

Mathematics, Physics, Computer Science

Qualifikation:

BA
Among top ten in India in my age group several times

Niveau:

School, GMAT, SAT, GRE

Details:

I am teaching Maths, Physics and Chemistry, coaching professionaly since 1984, sometimes tutored computers and informatics also. Most of my students and their parents were happy with the improvement they got. You can choose any topic of school / competition you like. Students for C *T* SE, ICSE, IIT-JEE, AIEEE, SAT, ACT, AIIMS PMT, GMAT, CAT, NTSE (for scholarships) can ask for help. I assure my students that they will become more skilled and more confident in just a few hours of honest study. As a proof of my assurance, I offer the following. If I can not teach you or your friend, nicely in any one topic you choose, in Mathematics or Sciences, of school, boards or competitions like IIT, SAT, PMT, GMAT, M *T* A / CAT / or MCa, *T* CA Computer science you wish, I will not ask for any fees. Instead I can give a small cash gift to a charity. The student / his parent and I can agree previously on the terms of my donation before I start teaching your friend
Math.
Some topics in Physics Chemistry and Computers / Informatics Visual *T* asic, C++, data structures etc. are also possible. Please note that I prefer to teach online through internet messenger or by phone or near my home near Green Park . If your friend gives anything of his wish, ok, if they do not give me any fees still it is
ok.

The offer is open to actual students for the examinations they applied for and I am confident that you will be happy with the tutoring. You are therefore offered a free trial topic without any obligation to continue. When your friend benefits from my teaching, he may like to study further with me on payment. *T* ut if he does not want to study or I do not want to tutor, I shall not teach him further. You can come to my place to
study.

You can also study at your own home for your free lesson using a PC with IM or email. You may download a free service like Messenger (x) or ask and learn on phone. Some students learnt by just talking to me on phone * (Delhi). Their friends and parents did not believe at first, that the boys could learn so quickly and so
conveniently.

I am giving tuitions in Math since 1984, in Physics, Chemistry and Computer Sc. occasionally, and most of my students got a lot better improvements with me, compared to their earlier tutors. They said that the topics earlier difficult or impossible became ordinary. For example students needed six months of studies with ordinary tutors to learn basics of Mathematics for GMAT. With me, most students learnt in just one month and strengthened their basic foundations. Even weak and nervous persons started understanding and answering tough questions on their own before 30 days were over. In fact my past students got such encouraging results that I can offer 100% money back guarantee in many cases. I guarantee that my students will get better improvement than most of their friends studying with other teachers, for reputed competitions like IIT-JEE, CAT, SAT or GMAT. If they get even one rank less than promised, you can take back all the money you paid to
me.
If you can tell other people about this fact, I shall be grateful to you.

Many students are happy to know that the Indian government gives scholarships every month from school till PhD if the students qualify NTSE. Students can prepare for NTSE with me or elsewhere. Total money given to each successful student is around Rupees Forty
thousand.

If you know any one who is sad or has lost hope of doing well in Mathematics or Physics or Chemistry, please tell them at earliest of my offer. Some parents were surprised by the quickness their children rose in rank in their respective
schools.

Preis:

VHS (Verhandlungssache), a partire da 11 EUR/h

Weitere Kontaktmöglichkeiten:

Telefon: Ja, vorhanden.

Mobil: Ja, vorhanden.

E-Mail: Ja, vorhanden.
