Details:

I have a very strong interest in pursuing a teaching career. Initially I wanted to pursue a high school teaching career, so I had a few experiences of taking classes of year 7-11 students in secondary schools. So I am comfortable tutoring Year 7-12 students with their Japanese. It is my goal to engage the students not only in the language learning itself, but also to the cultural aspects of

Japan. I have learnt lessons on various Japanese cultural activities, through my visit to Japan and through assistance from a Japanese native living in
Melbourne.

Since I also have a degree in IT, I am also quite familiar with tutoring Year 7-9 students doing IT. I am quite familiar with the following Microsoft Office Applications: Word, Excel, Access, Powerpoint, Front Page,
Outlook,
Other programs I am familiar with include: Dreamweaver, Creating Web Pages, Windows Movie Maker,
MYOB.

Since I have experiences tutoring foreign language students, I can offer some Year 7-9 ESL tutoring also. I am quite comfortable to Primary School kids with their Maths
also.
